Gentlemen:

Three Christmas films were ordered and two were shipped Nov. 14th with a notation that back order would follow shortly. The Invoice Number is 2786. The following week we received another shipment - including the third film not sent with the original order and also a duplication of the other two. To date we have 2 copies each of Merry Christmas, and Christmas Carol and the one to complete the order of Little Lamb. Please advise what you wish us to do with the two duplicates.

Yours truly,
